PROFESSIONAL SUMMARY

Results-driven **Frontend Developer** with 3+ years of experience building **scalable, high-performing, and user-focused web applications** across startup and enterprise environments. Proficient in **React.js, Next.js, and TypeScript**, with a solid background in **frontend architecture, API integration, and performance optimization**. Skilled at transforming product visions into **progressive web applications (PWAs)** and **responsive interfaces** through **modular, maintainable code**. Adept at **cross-functional collaboration, code reviews**, and **Agile development**. Passionate about leveraging technology to enhance **user experience, accessibility (WCAG)**, and business growth.

CORE COMPETENCIES

Frontend Development: React.js, Next.js, JavaScript (ES6+), TypeScript, State Management (Redux, Zustand, Context API)

UI/UX & Styling: Tailwind CSS, Styled Components, Responsive Design, Accessibility, Cross-Browser Compatibility, SEO Optimization

APIs & Integrations: REST APIs, Axios, Firebase, WebSocket, GraphQL, Stripe Integration, Authentication (JWT, OAuth)

Performance & Architecture: Frontend Architecture, Performance Optimization, Lazy Loading, Caching, Code Splitting, Lighthouse Audits

DevOps & Tools: Git, GitHub, GitHub Actions (CI/CD), Vercel, Netlify, AWS (Basic), Cloud Deployment

Testing & Quality: Jest, ESLint, Unit Testing, Chrome DevTools, Automated Testing, Code Maintainability

Methodologies: Agile, Scrum, SDLC, Pair Programming, Documentation, Product-Led Development

PROFESSIONAL EXPERIENCE

Frontend Developer | Zendtrax

Jan 2025 – Aug 2025 | Remote, Nigeria

A logistics platform offering real-time package tracking and delivery insights.

- Engineered core user-facing modules using **React.js, Next.js, and TypeScript**, improving **frontend performance** and reducing load times by 30%.
- Implemented **real-time shipment tracking** with WebSockets and Firebase, enhancing delivery transparency and reducing support queries by 25%.
- Designed and integrated **RESTful APIs** for logistics and order management workflows across multiple regions.
- Partnered with cross-functional teams to deliver **mobile-first, accessible UI components**, improving user satisfaction metrics.
- Automated deployments using **GitHub Actions (CI/CD)**, cutting release time by 40% and improving version control practices.

Key Achievements: Improved app Lighthouse score to 96+, and optimized codebase for scalability and maintainability.

Software Developer | Kruss Automotive Services

Aug 2023 – Jan 2025 | Remote, Lagos

- Led frontend development for an **automotive service management SaaS platform**, focusing on user retention and conversion optimization.
 - Integrated **API-driven features** for vehicle tracking, bookings, and service updates, enhancing user engagement.
 - Applied **lazy loading, caching, and image optimization**, achieving a **95+ performance score** on Lighthouse.
 - Refactored legacy components into **modular, reusable React components**, boosting maintainability by 25%.
 - Collaborated with backend engineers on **API performance improvements** and **version control** best practices.
-

Frontend Developer (Intern) | Flincap

Jan 2023 – May 2023 | Remote

- Built **pixel-perfect, reusable React.js components** from Figma designs for a crypto exchange dashboard.
- Integrated **TypeScript** type safety and **unit testing (Jest)** to minimize runtime errors by 35%.

- Contributed to improving **code review** processes and enforcing **linting standards** via ESLint.
 - Participated in **Agile sprint planning** and **cross-functional collaboration** with design and backend teams.
-

Software Developer (Intern) | Elan Africa

Sep 2022 – Aug 2023 | Remote, Lagos

- Migrated a **legacy CMS** into a **React.js architecture**, enhancing performance and scalability.
 - Developed **responsive UI components** ensuring **cross-device compatibility** and **accessibility compliance (WCAG)**.
 - Collaborated on **documentation and knowledge sharing**, improving onboarding for new developers.
 - Implemented **data-driven UI updates** with API integrations and **real-time synchronization** for improved user experience.
-

EDUCATION

B.Tech, Agriculture

Federal University of Technology, Minna, Niger State | 2011 – 2017

CERTIFICATIONS

- **Frontend Development Career Certificate** – InnKeeper Academy (2022)
 - **MERN Stack Development Career Certificate** – InnKeeper Academy (2023)
-

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js

Styling: Tailwind CSS, Styled Components, Bootstrap, CSS3

Tools & Platforms: Git, GitHub, GitHub Actions, Vercel, Netlify, Firebase, AWS (Basic)

Testing: Jest, ESLint, Chrome DevTools

Other Expertise: API Integration, PWA Development, Accessibility (WCAG), SEO Optimization, Real-Time Features, Cloud Deployment

SOFT SKILLS

- Analytical Thinking & Problem Solving
- Strong Communication & Collaboration
- Agile & Self-Driven Work Ethic
- Attention to Detail & Code Quality
- Product-Oriented Mindset

INTERESTS

Creative Problem Solving | Product Design | Emerging Web Technologies | Playing Guitar | Walking
